

Homeless Missourians Information System New User Enrollment Process

Upon receipt of the original User Policy, Responsibility Statement & Code of Ethics Form, HMIS office will schedule a mandatory regularly scheduled Online Training session for the New User. Trainings are posted on the HMIS website which is scheduled on a monthly basis. Availability is limited, and it is imperative that you attend that particular training which was assigned to you by HMIS staff. In the event you are unable to attend the assigned training date and require the next scheduled training date, you MUST notify the HMIS office immediately to discuss an alternative training date. If you fail to attend the training you are registered for, you MUST contact the HMIS office immediately.

At the completion of the training, instructions will be forwarded to each new user where a simple multiple-choice review test will need to be completed immediately after the training. Answers to these questions will have been covered during the course of the online training.

NOTE: New Users must pass the test prior to being issued a New User Name and Password.

8. After receiving confirmation from the HMIS office that new user has successfully completed the requirements to obtain a New User and password the New User will contact the ROSIE Help Desk in St. Louis at (800) 536-6474 and request their unique ROSIE user name and password.

OR

9. After receiving confirmation from the HMIS office that new user has not completed the requirements, New User will contact the HMIS office (573)634-2901 for further training and instructions.
